Homework #5

Rachel Brady

2023-11-28

```
library(readr)
library(tidyverse)
## -- Attaching core tidyverse packages ----- tidyverse 2.0.0 --
## v dplyr
            1.1.2
                      v purrr
                                  1.0.2
## v forcats 1.0.0
                      v stringr 1.5.0
## v ggplot2 3.4.3 v tibble 3.2.1
## v lubridate 1.9.2
                       v tidyr
                                  1.3.0
## -- Conflicts -----
                                         ## x dplyr::filter() masks stats::filter()
## x dplyr::lag()
                   masks stats::lag()
## i Use the conflicted package (<a href="http://conflicted.r-lib.org/">http://conflicted.r-lib.org/</a>) to force all conflicts to become error
library(purrr)
library(broom)
library(ggplot2)
library(ggthemes)
library(viridis)
## Loading required package: viridisLite
library(forcats)
library(lubridate)
library(stringr)
```

Get data, filter to one city

```
## dbl (3): reported_date, lat, lon
##
## i Use 'spec()' to retrieve the full column specification for this data.
## i Specify the column types or set 'show_col_types = FALSE' to quiet this message.
balt <- homicide %>%
    filter(city_name == "Baltimore, MD" )
```

Get data ready for plotting

Plotting

```
color <- c("#CCCCCC","#99CCFF", "white") #making color scheme</pre>
vline.data \leftarrow data.frame(z=c("2015-04-01"))
vline.data <- vline.data %>%
 mutate(z = ymd(z)) #getting date set for vertical line
balt2 %>%
  ggplot() +
  geom_col(aes(x = date, y = monthly_count, fill = season)) +
  geom_smooth(aes(x = date, y = monthly_count), color = "#6666FF", se = FALSE,
              span = 0.1, linewidth = 1.5) +
  theme_dark() +
  scale_fill_manual(values= color) +
  labs(title = "Homicides in Baltimore, MD",
       x = "Date",
       y = "Monthly homicides") +
  theme(legend.position = "bottom") +
  theme(legend.title=element_blank()) +
  geom_vline(aes(xintercept = z), color = "#CC0000", size=2,
             linetype = "dashed", vline.data) +
  annotate("text", x = ymd("2014-08-01"), y = 40,
```

Warning: Using 'size' aesthetic for lines was deprecated in ggplot2 3.4.0.
i Please use 'linewidth' instead.

This warning is displayed once every 8 hours.

 $\hbox{\tt \#\# Call 'lifecycle::last_lifecycle_warnings()' to see where this warning was}$

generated.

'geom_smooth()' using method = 'loess' and formula = 'y ~ x'

Homicides in Baltimore, MD
